I have been speaking, writing and clarifying what I want--setting an intention and following through with right action. I spoke on my chapter in [Inspiration to Realization](#) on "Transition: Triumphant By Using Positive 'Vibes'" (Law of Attraction principles) to help manifest what you want your next chapter to look like.

Thinking about this was a big "a-ha," and I have been using "the Secret" in my life for decades! Now, just proudly claiming it!

I help boomer/midlife women to fall in love with their LIFE and their work! I am an effective and positive change agent, and use the Law of Attraction principles in my coaching! Whew! That felt good! ☺ Thanks for giving me the support to say this!

You've been forwarding my stuff--my ezine list has tripled! Thanks to all of you!

Hi to my new Girl Scouts of USA chapters--troop leaders, marketing specialists, cookie coordinators--and everyone else!

I just did two speaking gigs in OC (Ocean City, MD) for the Girl Scouts of America conference. I spoke on "Enhancing Networking by Using your Career Brand!" It was well received, and a blast to do! They taught me the GSA lingo--brownies-- tryits, petals & daisies, what a GOLD girl scout is--like the Eagle Scout for BSA--but tougher!

Why is it girls/women do more and get appreciated less? Please share your thoughts!

In Abundance!

"The Secret" is a Secret?

I learned this, at least, by my experiment; that if one advances confidently in the direction of his dreams, and endeavors to live the life which she/he has imagined, She/he will meet with a

success unexpected in common hours. She/He will put some things behind, will pass an invisible boundary; new, universal and more liberal laws will begin to establish themselves around and within her/him; or the old laws be expanded, and interpreted in her/his favor in a more liberal sense, and she/he will live with the license of a higher order of beings." Henry David Thoreau

It's finally, officially, **Spring!**

I thought this quote about taking risks, learning from both success and how a positive attitude plays out in our lives can propel us forward into achieving our dreams!!

Probably, quite a few of you have heard/read/watched the DVD--in your home or online---www.secret.tv, and can find more info at www.lawofattractionthinking.com. Sending this again to update you. The site has undergone a huge "transition!" Check it out, sign up for 7-part ecourse--check out the stuff to buy. Enjoy!

We've all heard of the Secret--it really is no "Secret." A positive attitude combined with clear "right action" can help us get past our negative "tapes" that play in our heads, and focus on what you CAN DO not what you CAN'T! Like attracts like, and thoughts impact behavior. We all need to look at this. I'm a huge culprit of self-deprecating humor. "With my luck, I'll fall/trip up the stairs when accepting my Oscar" ? Well, maybe, I haven't said that, but you get the idea!

I picked up "no worries" from a coaching client I'm working with in the UK. Negatives aren't helpful--the universe hears worries! Do I want my folks to worry? Sheesh! So, I've changed my talk--as a coach, gotta "walk your talk!" I now say--it's all good.

And it is. I'm here--thankful I can workout at Curves, have great friends, a loving husband who supports my starting a business--even though, at times, he's not "getting it"! I get around lots--and not driving--(Doctor's orders) is huge! Kind friends give me rides, and they make sure I have a way home. I have met great bus drivers, and befriended two cab drivers--County & City!

Life is good & I am grateful! Share what you're grateful for! I'll publish your comments in my next ezine! Thanks!
