eCareerChat- January 2006-Happy New Year!

In honor of Martin Luther King, Jr. Day in U.S. this month

“Injustice anywhere is a threat to justice everywhere. We are caught in an inescapable network of mutuality, tied in a single garment of destiny. Whatever affects one directly, affects all indirectly.”

~Martin Luther King, Jr., Letter from Birmingham Jail

For the entire letter, (long, but very moving): <http://tinyurl.com/bsfa3>

January is also the month for making resolutions. I made mine! I want to offer more teleclasses, start a blog, add audio to my web site and a counter and a form plus some e-books...but, most importantly to be of help, happy, healthy and have the world be a more peaceful place!

This is a great time to renew our commitment to recareering, transition or getting that career you want. Some clients “fall off the radar” and see this the time to pursue those Job Search/Career Development dreams. But this is the time to rededicate your energies. Thought I’d put this in again-might be a helpful checklist!

List of the 10 most commonly sought competencies:

- | | |
|--|----------------------------|
| 1. Analytical skills | 6. Planning skills |
| 2. Communication skills (verbal/written/interpersonal) | 7. Problem-solving skills |
| 3. Flexibility/adaptability | 8. Teamwork skills |
| 4. Initiative/drive/energy | 9. Technical/technology |
| 5. Leadership skills | 10. Time-management skills |
