eCareerCornerChat- June 2006

Greetings!

It's June-Yay☺ June 21st is officially summer...Summer is a time to enjoy the sun-and act like you haven't a care in the world.

But, businesses go on, folks keep on working and job-seekers should continue or begin their job search! Yes, no need to wait til fall!

It's a huge myth that a person looking for a job or a career change should not bother doing anything til fall...Wrong! It may be a bit more relaxed, but there ARE employers hiring, businesses starting/developing, and people still wanting direction & forward momentum to propel them towards achieving their goals!

I'm counting on everyone to tell your friends! Please spread the word! Feel free to forward this to them! That myth has had it's time!

I'm offering a discount rate of \$129 (registration on my site is \$159) for a **Get Hired Now! (tm) foolproof system of a 28-day program and built-in support system as you go through the **job search process to a GREAT job!** **This is a special discount for my loyal subscribers!!****

You get

- A turnkey, easy to use & proven system to land that great job for the career changer, or new graduate- all job seekers!
- Two 90-minute classes by phone on the "nuts & bolts" to get you started-- these are Wed., Sept. 6 and Sept. 8 at 3pm EST & 4 Weds. after...
- Four hour-long **Group Coaching** classes by phone for ongoing support-- many job-seekers feel they have to do this all **ALONE** and are **OVERWHELMED**, don't know what to do first & wind up searching half-heartedly or doing nothing. It's very frustrating & depressing!

- These weekly supportive calls hold you accountable--we'll celebrate your wins, and I'll provide individual coaching, as well as helpful hints from the group!
- As a Bonus-I'm giving the text (a \$15 value) FREE!

I'm also offering a **FREE** introductory teleclass on the Get Hired Now ? system--Sept. 5-7pm EST

I'll be available to answer any questions!

**I purposely keep this small, so everyone gets individual attention!

Why am I telling you now? Tell your friends & associates to save these dates! I'll send reminders, of course-it's three months away! Why not sooner? Vacations-theirs, yours and mine! ☺

I want to share with you what I'm currently doing and recommend these!

As you know, I teach teleclasses & love taking many as well...I'm a lifelong learner and get so jazzed & motivated! It's a great way to gain free or sometimes inexpensive information-- Sign up as a student or take the Teleleader Training & get certified to teach--that's how I got started My teleclass schedule reaches 14,000 more people, far more than I could personally talk to!! I admit I love to meet folks, but 14000 would exhaust the best of us! Go here & check it out! If you click, I get enough for a cup of tea! ☺
